# What is "Doptellers"?

Doptellers is a patient ambassador program—a platform where you can share your own Doptelet experience with those considering their treatment options. Doptellers are real people, like you, who have the opportunity to share their story with the community in different ways to help people see that they're not alone.

# How do I join the Doptellers?

We want to hear about your treatment experience. If you're taking Doptelet and would like to be considered for the Doptellers Ambassador Program, call **833-223-9292** or email **Doptellers@21gramsny.com**.
